

CLOUD BASED SOLUTION TO HOUSE AND PROCESS CLAIMS DATA

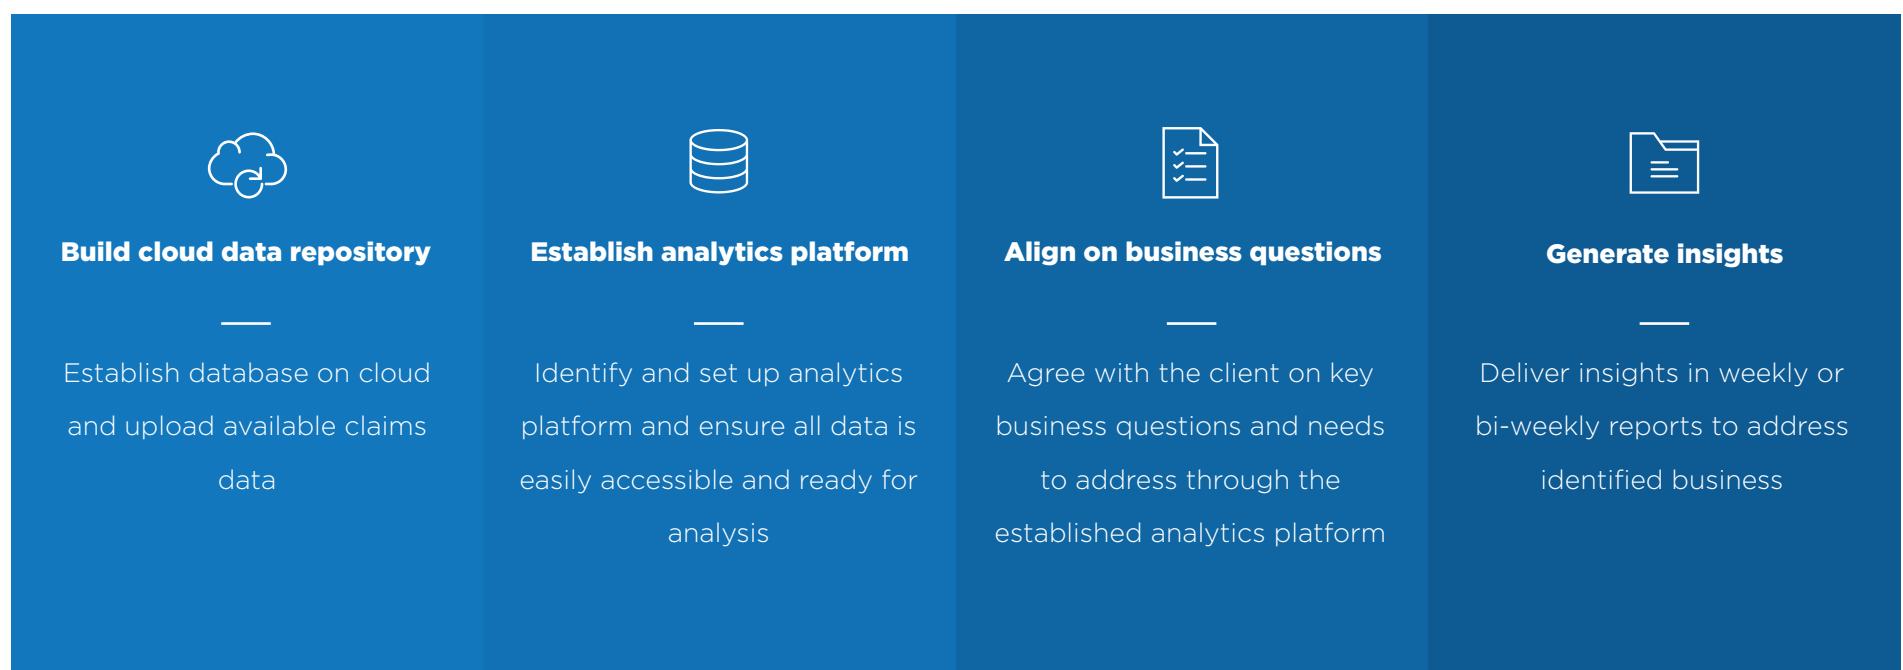

CLIENT NEED

An Oncology client needed support with establishing an analytics platform for generating timely insights into key business questions from purchased patient claims data.

OUR SOLUTION

159 eliminated all client concerns about data set up and processing and offered a holistic solution in the form of a cloud based data infrastructure supported by an analytics platform to accelerate insight generation from claims data for key business questions around market dynamics, treatment patterns, customer targets, etc.

OUR APPROACH

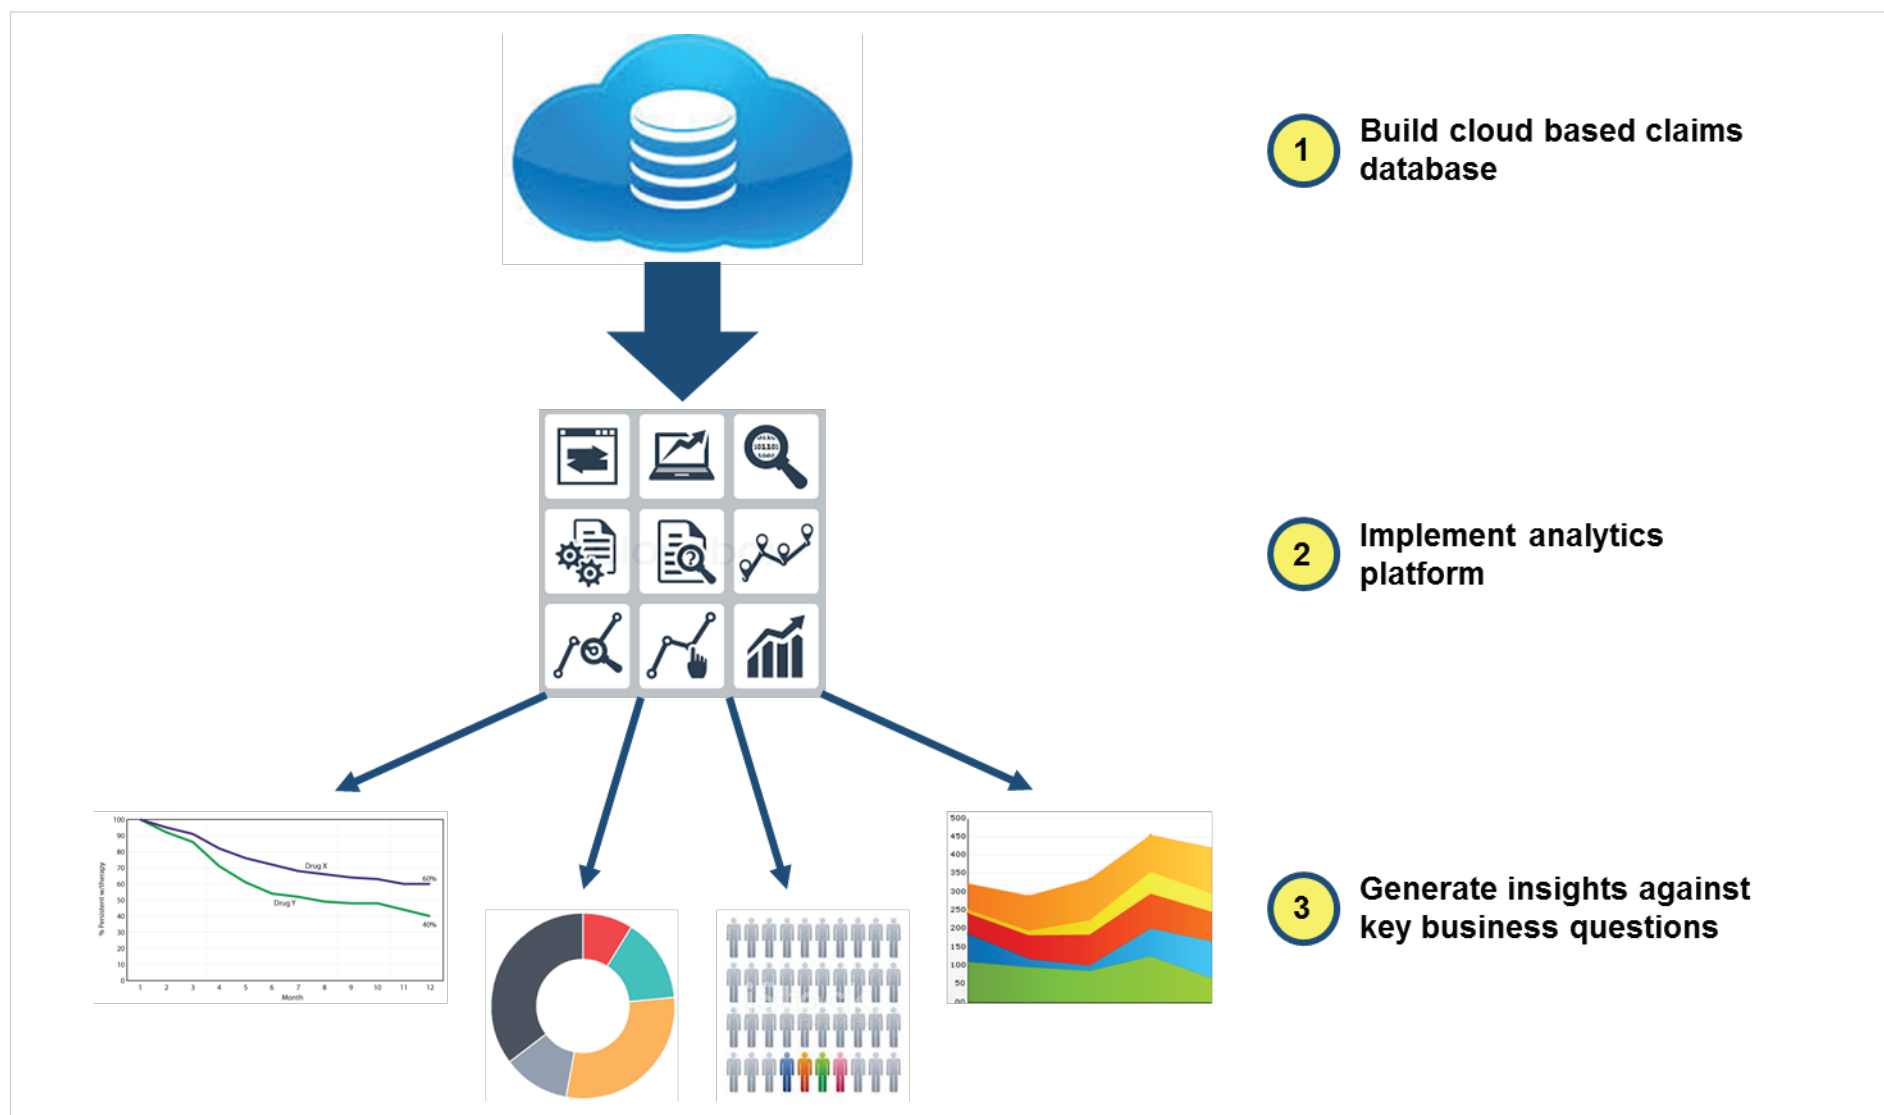

PROJECT OUTCOME

Cloud based claims data analytics platform for timely and impactful insights with 159 owning all steps in the process from data management and processing to insight generation and delivery
